

# **Hawai'i Corgi**

## **Our conditions**

Thank you for enquiring about one of our Pembroke Welsh Corgi puppies. As a hobby breeder, we strive to provide quality puppies at a reasonable price. All of our sires and dams are family pets from good blood lines.

### **VACCINATION INFORMATION**

Our puppies are up to date on all their vaccines, and will have a vet check before leaving our kennel. You will receive a copy of their vaccination record, vet check and puppy registration application papers (depending on if you purchase with or without full registration) when your puppy leaves our kennel.

### **Picking up your puppy**

We have had several people prefer to come here and pick up their puppy. That is perfectly fine with us. Please schedule the times and dates ahead for arrival, so that we may have your puppy's health certificate and paperwork ready for you.

Once you have put down a deposit on your choice(s), we will contact the airlines and a quote for you as soon as possible, if you choose not to come and pick up the puppy yourselves.

No matter what method of shipping you choose to get the puppy to you, you must remember that once the puppy is "out of our hands" and in the care of you and or the "carrier" (airline etc.), we are no longer financially responsible for the pet.

This deposit will be credited to the purchase price of the puppy.

All funds due on your new puppy as well as all shipping costs must be paid prior to shipment. Your puppy will not ship if funds are received in full. No exceptions! Also, please keep in mind the additional fees if puppy has to be held past 8 weeks of age.

If you have paid your deposit and circumstances arise where you are unable to remit the remainder of funds due - please remember that this is **NON-REFUNDABLE DEPOSIT**. We do require that you let us know as soon as possible if you cannot remit the remaining funds due as there is usually a waiting list for our puppies.

FYI: We do not sell "breeding" dogs. We sell our puppies for pets and work prospects. However, we do restrict the registration papers; we make you sign a contract (unless otherwise noted with the puppy/dog listed). If you want to use the puppy/dog for breeding, that is your decision. We do not "guarantee" that the puppy/dog we sell you will be of "breeding quality". We do guarantee that the puppy/dog will be a healthy puppy/dog when it leaves here to go to its new home.

1.) Deposits can be paid by cash, cashier's check or a money order made payable to Tom Sorensen.

- Deposits are non-refundable if you change your mind, ect. However - deposits will be refunded in the unlikely event if the puppy gets sick and/or dies before you are able to take it home healthy.

- Deposits will be refunded if they are put down on a "future" or "coming litter" of puppies and that animal/litter does not deliver and/or arrive.

- Also, if you place a deposit (with a note saying specifically what you want) for a "specific puppy" before that puppy is born, and then if the litter does not include what you specified your deposit was for, we will hold it for the next litter.

2.) Before you place a deposit, you need to call Tom Sorensen at (808) 640-2905 or email us at hawaiicorgi@yahoo.com.

3.) When you place a deposit you will be asked to fill out a deposit form, which includes all pertinent information.

4.) Once a deposit is placed, that is a "promise" that you will buy that puppy when it is ready to go to its new home.

- If we cannot contact you to let you know that your puppy is ready to go, we will continue to try for 5 days to reach you. After 5 days, if we still cannot contact you, we will then put the puppy up for resale and it will be at our discretion whether to keep your deposit or to hold it for the next litter. Please rest assured we will make multiple efforts to contact you.

- When we notify you that the puppy is ready to go to its new home, you will have 5 days in which to pick up the puppy, unless other arrangements are made.

- If you do not pick up your puppy within 5 days, and you do not notify us (with good reason) of the delay, then the puppy will go up for sale again, and we will keep your deposit.

- If you cannot pick up your puppy within 5 days, but you still want the puppy, then arrangements can "probably" be made for us to board the puppy at the cost of \$7.14 pr. day.

- If you have paid a deposit on a puppy and you find that circumstances prevent you from accepting puppy when it's ready, then it is "possible" that we can arrange for us to "hold" the deposit for the next available litter, but only if you notify us immediately and we both come to an agreement. (If you wait until our farm has notified you that the puppy is ready to be picked up and then tell us that you cannot/ will not take it right now at that given moment, then we have the option of keeping your deposit, placing the puppy for resale and not selling you a future puppy).

- Breeding is a serious endeavor and we take pride in doing our best to bring you the best of our Pembroke Welsh Corgi pups. All we ask from you is an honest agreement and a caring and loving home for our puppies. It is crucial that we both agree and are honest and fair to one another. I am sorry for being so strict with the above restrictions, but I find it necessary for both of us to be happy and safe. It is up to us both to make the best possible home for the puppy being purchased. We hope you love and enjoy your puppy and I look forward in hearing from you in the future.

Signing acknowledges that you have read and agree/understand all the terms listed above.

This will be kept on file.
